E-sports, the Club of the month

Harrison Bay Future Ready center offers many unique clubs that are inspiring to students.

About E-sports

Out of all the clubs at HBFRC, E-sports is special because it lets students play a variety of video games as a pass time but also as a competitive sport. It lets students choose a certain game of interest and lets them play competitively with others in the club as well as people outside of the club. The club offers many game titles such as; *Overwatch*, *Madden 21*, *Rocket League*, *Rainbow Six Siege*, *Call of duty Modern Warfare* and many more. It is organized by Console. (X-box, Playstation, P.C. ext.) The competitions are all online and students play at their homes. There are no real requirements to join the club, although students must keep up with their work in order to stay in the E-sports club.

Quotations

James Harris; "I like the combination of gaming and fun activities."

Blake Gesslein; “We get to turn loose and have fun.”

Cali; “I enjoy the Atmosphere of the school and all the cool games.”

Amaya; “Favorite game? *Overwatch*.”

Evan Carter; “My favorite game is *Forca*.”

Gunnar Nicholes; “I personally like *Rainbow Six Siege*.”

Anonymous; “Nothin’ much to say, it’s an E-sports club.”
